Dear KACRAO Executive Committee,

After careful review of KACRAO's financial statements and other documentation from January 1, 2020 to December 31, 2020, I provide the following report. All income and expenses have been accounted for and the association's overall financial health is good.

I am extremely grateful for the hard work of Treasurer Brittany Canter and her organization of the financial records. Treasurer Canter and the Executive Committee are to be commended for their diligence in producing the financial results for FY2020.
